

Risk matrix:

Resilient staff, resilient business

With Rachael Chamberlayne - www.hillfarmlongney.co.uk

This risk matrix is a visual illustration of the severity of items on a risk register. By grading perceived risks according to their impact and likelihood, you can quickly identify the items which should be prioritised.

Impact	Out of business	Monitor		High priority risks		
	Significant financial distress					
	Noticeable financial impact	Low priority risks		Monitor		
	Limited impact					
	Unlikely	Possible	Likely	Highly likely	Certain
